

CALL FOR EOI/ PROPOSALS

Oxfam in Cambodia has its country strategy for the period of 2015 - 2020. The country strategy will help OXFAM to sharpen its direction, re-strategy ways of working with effectiveness and efficiency use of resources contribute to achieve the desired goal of realizing of the power of people against poverty. Oxfam in Cambodia envisions, that "Cambodians, especially women and youth are empowered to hold government and stakeholders accountable to realize their rights to build a resilient society free from poverty and injustice".

Influencing for Sustainable Natural Resources Governance is one among other programs of Oxfam Great Britain (OGB) in Cambodia which will contribute to achieve the Natural Resource Governance work. The natural resource in this context means to cover issue pertaining to economic land concession and community forestry issues. The project expected result is to influence various policies and decisions made (government and private company), planning and implementation through public engagement, dialogue, advocacy and campaign. These approaches are also to build and strengthening networking, communication and coordination with existing network NGOs and development partners. The project will encompass Oxfam's national influencing strategy which focuses on issues based policy formulation, intervention and implementation.

Program Goal: The Government of Cambodia holds accountable for the citizen's rights on Natural Resources Governance ensure fair-sharing Sustainable Food.

Change Objectives:

1. Oxfam, partners, government and private sector cooperate to ensure rights of women and men be protected and realise on natural resources governance.
2. Ensure the promulgated legislatives concerned natural resource governance are enforced and widely apply throughout Cambodia
3. Private investments are enjoyed in applying for CSR principle, ensure women and men satisfy with the project that contributed to community development
